

pro•té•gé

BY CUTTING *loose*®

pro-teh-zhey | noun: One who is chosen to be mentored by a master.

Protégé by Cutting Loose Salon is a unique advanced level mentorship program for licensed professionals. Protégé Stylists assist some of the best in the industry at Cutting Loose Salon, while continuing to practice their own craft and attending weekly technique seminars. The goal of Protégé Stylists is to speed their progress toward complete mastery, while learning advanced cutting and coloring techniques not covered in beauty schools. Protégés progress through 3 levels while building their own client book, with many who complete the program returning as Designer Stylists at Cutting Loose.
